- Student Technological Coordinator
- Speech and Debate Captain (3 Years)
- National Honor Society Student

Maple Grove Cemetery

- Volunteer Assistant (Events)
- Organizer/Technical Specialist

Josephine Foundation- (Charity/ Grant Organization)

- Volunteer Technical Assistant (Musicals, Plays)
- Board Member (Technical/Communication Chair)

PROFESSIONAL EXPERIENCE

2014-Present

McDevitt Foundation Intern and Researcher

- Researcher and developer on Information Systems technology. Developed safety critical Google Glass applications to assist in real world scenarios.
- Ongoing research with E-Navigation and experimentation with Augmented Reality. Two published articles and a conference paper. Conference trips to Australia and NYC to further research develop E-Navigation Systems.

2013- 2017

Le Moyne College Information Technology and Systems Administration

- I.T. tech consultant for Le Moyne College, aiding in day to day technology issues/upgrades and troubleshooting problems for professional staff, students and faculty.
- I.T. Intern at the Systems Administration Department that provides assistance and engages in specific task oriented projects to improve the overall technology at Le Moyne College. Tasks includes Windows management, image builds, testing with software applications, and operation with VMware Virtual environment.
- Mac OS X Server Administration: OS image building, inventory management, software/update management on the campus wide Macintosh systems.

2011-Present

Josephine Foundation

- Volunteer Technical Assistant -- assisted in visual arts, videography, sound, and computer technologies. Earned the Technology of the Year Award.
- Advisory Board member -- assisted in charitable fund raising events, such as the New Orleans Hurricane Relief, Kenyan Relief, and Earthquake in Haiti Relief. Participated in various foundation events and assisted in organizing and executing action plans.
- Currently running and maintaining the organization's website and e-commerce modules (ticket reservations, memberships, shopping, mass e-mail, SEO)

2008-2013

Cathedral Preparatory Seminary

- Revised and reconstructed the School Website to upgrade and make it an online system for grading, homework management, and easy student- teacher access.
- NHS member of the Michael Pasareali chapter of Cathedral Preparatory Seminary which required devoted time tutoring children, and students at the preparatory high school in various academic subjects.
- Headed the Troike Camp Consular Summer Program geared for children interested in engaging in academics, sports and recreational activities. Organized events, ensured the safety of students and ran daily administrative tasks.
- Reconstructed and designed school website, with a new Learning Management System and integrated the Google Apps for Education in their current system primarily for student, parents, alumni and faculty's email.

2006-2012

Immaculate Conception Parish

- Webmaster for Immaculate Conception Parish -- updated weekly events, bulletins and performed maintenance tasks on the website.
- Knights of Columbus -- engaged in various ceremonies, community works and charitable works.

Maple Grove Cemetery

- Volunteer Assistant -- for various Maple Grove Cemetery events such as: "Sprits Alive" walking tours, concerts, historical acting, and recreational activities at the cemetery. Assisted in organizing and ensuring the logistics of events.
